

# Architectural table light

Elegant table luminaries

HØVIK LYS

These elegant table luminaries are made in polished brass or brushed steel.

The Domino T is part of a family consisting of wall, table and floor lamps. It has two sizes of shades made of off-white or cream colored textured fabric.

The Flecto T belongs to the family for compact fluorescent lamps. The shade is made of Perlatex which makes it washable, fire retardant and UV resistant.

The UL certified wall- and table light is brass and clear laquered. The shade in champagne must be ordered separately.
