

Technical ceiling surfaced

Ceiling luminaires

Ceiling luminaires are applicable for a wide range of different areas, e.g. accommodation and public areas, wardrobes, workshops, enginee rooms, stores, galleys etc. They are designed to meet maritime requirements. Some models are USPH (U.S. Public Health) approved.

Ceiling luminaires with their smooth design are easy to install and maintain. They are available with different housing and functions, e.g integrated battery back-up or as emergency version if requested.
